

## Colonia del Sacramento 03 Nights

### Day 1 - Colonia

Your private transfer will welcome you at the port of Colonia (ferries arriving/departing to/from Buenos Aires) and transport you to the selected hotel. Accommodation is for 3 nights with breakfast included.

Check in and spend the rest of the day at your leisure to rest or walk around this quaint town, so full of history.

### Day 2 – Colonia del Sacramento

You will be picked up from your hotel lobby to go on a **Private Colonia del Sacramento Walking Tour**.

Prior to the walk you will be driven to the San Carlos Bullfight Arena, the San Benito Chapel, Colonia's West coast and its beaches. You will then continue on to the city's Old Town, a UNESCO World Heritage site since 1995. The walk will take you around the Old District of Colonia (known as Colonia del Sacramento), founded in 1680 by the Portuguese. The walk starts at the old city gates, and continues toward the "Street of Sighs" in which we will visit a charming place known as "El Buen Suspiro" (the "good sigh") built by the Portuguese and which dates back to 1720. You'll be able to sample local wines, cheese and home made desserts. We'll stop at the Main Square, then the ruins of the San Francisco Church (the oldest ruins in Uruguay), the Lighthouse, Governor's House, the Sacramento Basilica and other attractive sites and buildings along the way.

This is an educating walk through a tranquil area, which will provide visitors with knowledge on the city's history and the reason for it to be named a World Heritage Site. Upon completion of the Walking Tour, passengers are free to continue on their own before going back to the hotel.

### Day 3 – Colonia del Sacramento

Pick up from your hotel lobby to go on the **Private Wine Tasting Tour at Bodega Bernardi**

The Bernardi Hnos S.A. wine establishment was founded in 1892 by David Bernardi and is located at Laguna de los Patos in Colonia del Sacramento. It is a family business, where the passion for fine wine making has been passed on from generation to generation, aimed at maintaining the use of the same traditional methods. In recent years Bernardi Hnos. has been in the spotlight both for their fine wine production and for the distillation of pomace for the production of “grappa”. Distillation takes place by selecting raw material from each variety, in order to obtain varietal grappa as an end result. (Muscat Grappa, Grappa Tannat, Grappa Merlot and so on). Classic grappa is a product of the slow distillation of a mixture of selected pomace from varieties chosen by the knowledgeable wine makers.

In the evening dinner will take place at **El Meson De la Plaza** restaurant. Dinner will consist of a three-course meal with soda and water included.

### Day 4 – Depart Uruguay

After breakfast, check out from your hotel and a private transfer will take you to the Colonia port.

**END OF SERVICES – See General Conditions and Responsibilities below**

#### General conditions
